I. Welcome and Introductions

The meeting was called to order at 3:06 pm.

III. Public Comment

None.

IV. Planning/Training

Chief sent notice of annual State Realignment Conference scheduled for January 2015, jointly organized by the CSSA, CSAC and CPOC.

V. Finance Committee Update

Wendi White reported fiscal year books are closed. Expenditures were finalized and were slightly less than what was allocated for FY 13-14. 96.7% was expended out of what was approved by the CCP committee for FY 13-14. Savings of \$320,000 was brought forward from FY 13-14 that will be added to the prior year's carry over. This is in addition to the \$500,000 in agreed upon reserves.

The Chief requested that the final budget be sent to the membership.

Reminder: BARS are due in October. Finance committee will review them by October 27, 2014, and present it to the CCP Committee by November 17, 2014.

VI. Program Updates

Robert Reyes reported he is currently working on the Board Report for the October realignment presentation to the BOS. The report will include an overall review of the Realignment program over the last three years; the overall objectives of housing, treatment, and supervision, as well as challenges that are faced in the program.

Robert Reyes also mentioned that presumptive split sentencing will start in January 2015. The re-entry team has been discussing the potential impact.

Ian Parkinson asked how much ACA will pay for treatment. Anne Robin said it depended on private vs. Medi-Cal payments. Brief discussion was made about the Affordable Care Act.

Ian Parkinson gave the CCP committee a brief overview of the new Trailer bill for this year's budget. This will give sheriff authority over an inmate to be released from custody with recommendation for possible treatment programming for inmates.

There was discussion regarding post convictions and whether insurance will cover inmate treatment programs. Scenarios were discussed.

It was agreed to draft language for Probation's recommendations on the new split sentencing to include direction to participate in jail services or risk potential sentence revocation. Probation will draft language.

It was mentioned that about 80% of inmates can benefit from drug treatment and DAS is already working with large caseloads.

VII. Discussion on realignment presentation to Board of Supervisors

All agreed the annual presentation will be held on October 21, 2014. Chief Salio will make reservations with Admin.

Annual presentation and report will be prepared by Robert Reyes and contain information regarding the jail, treatment programs, and resources. The presentation will be approximately 30 minutes long. The goal is to make it a little more personal. He will be adding program success stories, testimonials from some of the inmates, as well as human interest stories.

VIII. BSCC Grant

Committee agreed to request to accept the Community Recidivism Reduction grant from the BSCC. Motion was made by Patricia Ashbaugh and seconded by Jeff Hamm to approve the grant. All in favor and motion carried. No decision will be made today on how to allocate the funds. Probation will take the lead.
